Preface

Contributors

Theme - I: Enterprise and Strategic Flexibility

1. FA3 Effects of Outsourcing on Flexibility of System of Systems
S. Jimmy Gandhi, Alex Gorod and Brian Sauser
2. FA5 A Framework for Process Driven Service Oriented Virtual
Enterprise Architecture
Ozgur Erol, Brian J. Sauser and John T. Boardman
3. FA1 The Concept of a Flexible Enterprise
Sushil
4. FB3 Defining Strategic Flexibility
Norm Roberts and Gary J. Stockport
5. FB2 Strategic Flexibility - Key to EVA Growth
H. D. Patil and R C Pathak
6. FA4 Enterprise Performance Management Incorporating Flexibility
Framework: A Case Study of ONGC, an Indian Oil Company
M. Akhtar Khan and R. K. Mittal
7. FA2 Innovation Management, Flexibility, and Enterprise-wide Systems:
An Empirical Study
Pratibha Malaviya
8. FB4 Flexible Strategy for Managing Continuity and Change — Modeling
the Factors in E-Governance Domain
Saboohi Nasim, Sushil and P. P. Singh
9. FB5 Effective Change Management: A Turnaround Case of Steel
Authority of India Limited
A. P. Chaudhary

Theme - II : Organizational and Human Resource Flexibility

10. FC8 Architecting Flexible Organizations
Joseph Morabito, Ira Sack, Anilkumar Bhate and Edward A. Stohr
11. FC6 Creating Order out of Disorder through Intuitive Flexibility
R. C. Pathak and H. D. Patil
12. FC3 Ethical Leader Behavior and Leader-Member Exchange as Predictors of Normative and Work Related Subordinate Behaviors
Anubha Dadhich and Kanika T. Bhal
13. FF1 An Empirical Study of Organizational Climate, HRD Climate and Job Involvement as Predictors of Managerial Effectiveness
S. Rangnekar and Shyam Narayan
14. FF2 Role of Manpower Flexibility in Lean Manufacturing
T.P. Singh
15. FC4 Flexible Systems Methodology Approach for TQM Implementation in Industry
T.P. Singh and Nitin Singla
16. FC2 Flexibility in Engineering Education: An Empirical Study of Indian Institutes
A.M. Rawani

Theme - III : Financial, Marketing and Manufacturing Flexibility

17. FD1 Predicting Risk for Information Value Asset Based on Annualized Loss Expectancy
Chitra S. Atole and R C Pathak
18. FD2 Tackling Outsourcing Risks
Nirmalya Chakraborty and Jayanthi Ranjan
19. FE1 Market Intelligence: The key to Success in the Marketplace
Ranjan Chaudhuri
20. FE2 Marketing to Service Flexibilities: Lessons from the Corporate
Nripendra Singh
21. FE3 Sales Force Automation: Sales Person's and Management's Perception: A Study in Indian Context
Mahim Sagar, Deepali Singh and D. P Agrawal
22. FH1 Configuration Flexibility in Virtual Cellular System: A Case Study
J Bansee and B. V. Chowdary
23. FH4 Modeling and Simulation Driven Reconfiguration of High Production Volume Manufacturing
Kishore Pochiraju and Matthew Manzione
24. FH3 Modeling the Enablers of Agile Manufacturing System
Pravin Kumar, Ravi Shankar and Surendra S Yadav

25. FH5 Optimum Facilities Planning Model By Using Replacement Analysis In a Plant Layout
Pushyamitra Mishra, V.K.Khare, Ashutosh Sharma and Mukesh Pandey
26. FH6 Emerging Role of Group Technology in Computer Aided Process Planning
Manish Billore and Mukesh Pandey
27. FH7 Simulation of Small Punch Test for Material Charecterization to Enhance Flexibility in Manufacturing System
K.K.Dwivedi and Mukesh Pandey

Theme - IV : Information Systems Flexibility

28. FG1 The Intranet: An Important Element of an E-Business Strategy
Marc E. Gartenfeld and Robert J. Mockler
29. FG6 On How Agile Systems Gracefully Migrate Across Next-Generation Life Cycle Boundaries
Rick Dove and Garry Turkington
30. FG2 Globalization and Global Sourcing of IS Function
Abid Haleem and Vijay K. Agrawal
31. FG8 Developing Flexible Business Process Management Systems Using Modular Computing Technologies
Maggie M. Wang and Kuldeep Kumar
32. FG5 Information Technology: Feasibility of Adoption and Implementation in Small Scale Industries in India
Prabhudatt Dwivedi and G. P. Sahu
33. FG7 Need of Flexibility in IT Policy at Industry Level
P.K. Baboo

Theme - V : Flexible Supply Chain

34. FI8 International Logistics Dynamic Optimization with Uncertain Exchange Rate
Zhu Li, Zhao Lindu and Wang Haiyan
35. FI12 Towards a Flexible Supply Chain Modelling System
Subhash Wadhwa, Bibhushan and Anuj Prakash
36. FI13 Supply Chain Flexibility: Some Perceptions
Subhash Wadhwa, Bibhushan and Anuj Prakash
37. FI3 Scheduling Flowshop for Improving Supply Chain Performance
N. Sambandam and Debraj Bhowmick
38. FI4 A Single Item Multi period Lot-sizing Rule for Total Operating Cost Optimization with Incremental Discount on Production Quantity
P. K. Biswas and N Sambandam
39. FI1 Linking Farmers to Markets: A Case of Indian Fresh Produce Supply Chains
B. K. Sikka, Sapna A. Narula and P. K. Suri

40. FI2 Flexible Inventory Management and Value Creation
K. M. Mital
41. FI5 Selection of Supply Chain Performance Measurement System Using Fuzzy Approach
Parikshit Charan, Rajat K. Baisya and Ravi Shankar
42. FI6 Modeling the Enablers of Quick Response in Supply Chains
A. Ramesh, D. K. Banwet and Ravi Shankar
43. FI7 Weak Capabilities of Indian Dairy Chain: An Exploratory Case Study through SAP-LAP Approach
Rohit Joshi, D.K.Banwet and Ravi Shankar
44. FI10 Modeling of Intangibles: An Application in Upstream Supply Chain (A Case Study of Food Industry)
Lokesh Vijayvargy
45. FI14 Strategic Framework for Managing Forces of Continuity and Change in Inward Supply Chain in Indian Automotive Industry
V K Gupta
46. FI15 Supply Chain and Beer Game: Statistical Analysis Using Simulated Data
Abid Haleem, Sanjay Kumar and Vijay K. Agrawal
47. FI16 Flexible System Modeling For Closed Loop Supply Chains
Jitendra Madaan and Subhash Wadhwa

Theme - VI : Global Business and Competitiveness

48. AB4 Academic Excellence through Quality Award Model Framework: A Case Study of UPTU
Prem Vrat
49. AD3 Some Problems in the Study of Organizational Forms in International Investment Management
Vinayshil Gautam
50. AC1 Globalization in Appliance Industry: A Case Study of India and China
Shyam Sethi
51. AB3 Role of Government as Regulator in Creating Flexibility and Competitiveness in Telecom Industry of India: A Policy Perspective
Manoj K. Sharma and Pramod K. Jain
52. AD2 Co-integration of Stock Markets using Data mining and Wavelet Analysis
R. Sahu and Swatantra Gupta
53. AB1 Competitiveness Analysis of OEM (Original Equipment Manufacturer) in India: A Case Study
Rajesh Kr. Singh and Veer Shivajee

54. AB2 Process Intelligence for Global Competency
Abhinav Priyadarshi Tripathi and Pooja Sengupta

Theme - VII : Business Process and Knowledge Management

55. AF4 In Pursuit of WorkFlow Breakthroughs Using Just
Enough Process Management
Robert Zotti
56. AF3 Ensuring Data Quality in Workflow Management
Wayne Huang and Sherry X. Sun
57. AF2 Building a Process-focussed Organization for Sustained
Competitive Advantage
Ajitabh
58. AE2 Implications of Transaction Cost, Resource Based, and
Institutional Theories on Vertical Integration
Abid Haleem and Vijay K. Agrawal
59. AF1 Change Management: A Case of Small Scale Industry in India
Sumit Jain and R. K. Garg
60. AG1 Knowledge Management Capabilities and Business
Impact in Indian Organizations
Sangeeta Shah Bharadwaj and R K Bharadwaj
61. AG2 Knowledge Management Assessment- A Conceptual Research
Study in Select Indian Companies
Vidhu Shekhar Jha, Deepak Chawla and Himanshu Joshi
62. AG3 Framework for Optimal Utilization of Global Resources in the
Area of Knowledge Creation and Application through
Flexible Organizations
Babu Lal

Theme - VIII : Technology and Innovation Management

63. AH7 The Next Generation Model: Breakthrough in Technology
Innovation and Process Optimization for eClinical Trails
MaryAnne F. Rizk
64. AH1 Information Technology Led Innovativeness - UAE Perspective
Zafar Husain
65. AH4 R&D Efficiency in the USA: An Application of DEA
V. J. Thomas, S. K. Jain and Seema Sharma
66. AH2 Using Creativity for Sustainable Development by Incorporating
Clean Development Mechanism (CDM): A Study Focusing
on Carbon Credit Trading in Indian Context
Sadaf Tanveer, Amit Srivastava, Gaurav Negi and Sumit Bansal
67. AH3 Product-Strategy for High-Technological Companies
Sumati Sidharth, R C Pathak and Rajesh Pathak

68. AH10 Project Management in Global Scenario – A Need for Context-Driven Approach
Ashok K. Pundir, L. Ganapathy and N. Sambandam
69. AH5 Model of New Business Creation: An Empirical Study of Internal Environmental Factors
Broto Rauth Bhardwaj, K. Momaya and A.K. Garg
70. AH6 Development of a Model for Fostering Innovation Culture in Small Scale Autoparts Manufacturing Industry of Punjab
B.S. Sangha, T.P. Singh and Ajay Batish

Theme - IX : Sectoral Applications

71. AI1 A Study on Service Quality of the Bangladesh Police
Nazrul Islam and Akbar Ali
72. AI3 Impact of Disinvestment on Financial Performance: A Study of Indian Public Sector Enterprises from Petroleum Industry
Seema Gupta, P. K. Jain and S. S. Yadav
73. AJ2 Impact of Mergers and Acquisitions on Shareholders Wealth in Short-Run: An Empirical Study of Indian Pharmaceutical Industry
Neelam Rani, Surendra S. Yadav and P. K. Jain
74. FB1 Strategic Management of Change and Continuity: Case of Technology and Social Capital in India
Jyoti S. A. Bhat, Sushil and P K Jain
75. AJ1 Mergers and Acquisitions: A Long-term Perspective in the Banking Sector
S. S. Haridas
76. AI2 Fuzzy Composite Programming for Ranking Infrastructure Projects
Aayushi Gupta and Abhay Parnerkar
77. AI4 Environmental Sustainability in Forest Management
Sudhi Ranjan Dash and Jitarani Udgata
78. AM1 Optimizations of Vehicular Emissions in Delhi
Amit Pal, S. Maji and O. P. Sharma
79. AI5 Situation & SWOT analysis of small wind- solar- biomass tribid energy system installed at University Institute of Technology, Bhopal M.P., (India)
Prashant Baredar, Mukesh Pandey, V.K. Sethi and Bhupendra Gupta
80. AI7 Study of Flexible Strategy with Innovation and New Product Development in Mobile phones
Nripendra Singh and Ravikesh Srivastava
